Dear Sir / Madam

Letter of referral & recommendation of Mr. Andrew Edwards

This letter is a testament of recommendation of Mr. Andrew Edwards, who is an appointed supplier of all products manufactured by Kaco GmbH - A Siemens Company - based in Neckarsulm Germany.

As part of Siemens AG, we are a leading 'tier 1' manufacturer of inverters and power conversion equipment to the worlds' PV market. As our brand is known for reputability, our reputation as one of the worlds leading manufacturers can only be maintained if we only deal with individuals and companies who are exceptional in their field. We undertake rigorous checks and due diligence to ensure that our products are being supplied to individuals and companies who are both financially stable and have a strong level of pedigree and quality in their field, thus ensuring that our brand reputation is being maintained.

Mr. Andrew Edwards has not only met, but exceeded our stringent requirements, and we strongly recommend and endorse him and his company with trust for supplying Photovoltaic Power Generation Systems. We commend him for the quality of his Installations. 3 projects of note are:  
The Solar Carport installation at Bentley Motors Factory in Crewe, UK;  
The first Kaco installation of our new range of 125kVA SIC inverters in Saudi Arabia  
The first installation of Kaco's new Power Factor Correction unit in the UK ('Seaton Road Project')
